## Our Verticals - What we Offer @ Learn Qube

### Personalized Career Road Mapping

Personalized career planning through skill-gap analysis, helping learners move from where they are to where they want to be.

### Learn Qube Launch Hub

For students aspiring to start their own business - we offer startup mentorship, idea validation, business planning tips, & connect them with real-world entrepreneurial insights.

### Global Immersion Programs

Experience learning beyond borders — through curated global immersion programs that expose students to international skills, culture, and career insights.

### Skill Based Courses

Hands - on training in Data Analytics, AI, ML, & more - aligned with current industry demands.

### Internship Experience

Real-world exposure via virtual internships, industry projects.

### Student Ambassador Programs

Empowering students to represent Learn Qube, earn rewards, and gain leadership experience with certificates and LORs.

### Workshops & Industry Bootcamps

Practical, mentor-led sessions conducted online or in colleges to build in-demand skills quickly.

### Student Success Support

Assistance with resume building, LinkedIn optimization, mock interviews, and placement mentoring.

### Soft Skill & Communication Training

Training in interview readiness, workplace etiquette, personal branding, and professional communication.

# Career Road Mapping

Career Road Mapping is a structured approach where we:

- Assess your current knowledge, interests, and goals
- Identify the skill gaps blocking your progress
- Recommend learning paths tailored to your target role
- Guide you step-by-step with tools, mentorship, and resources

## How it Works

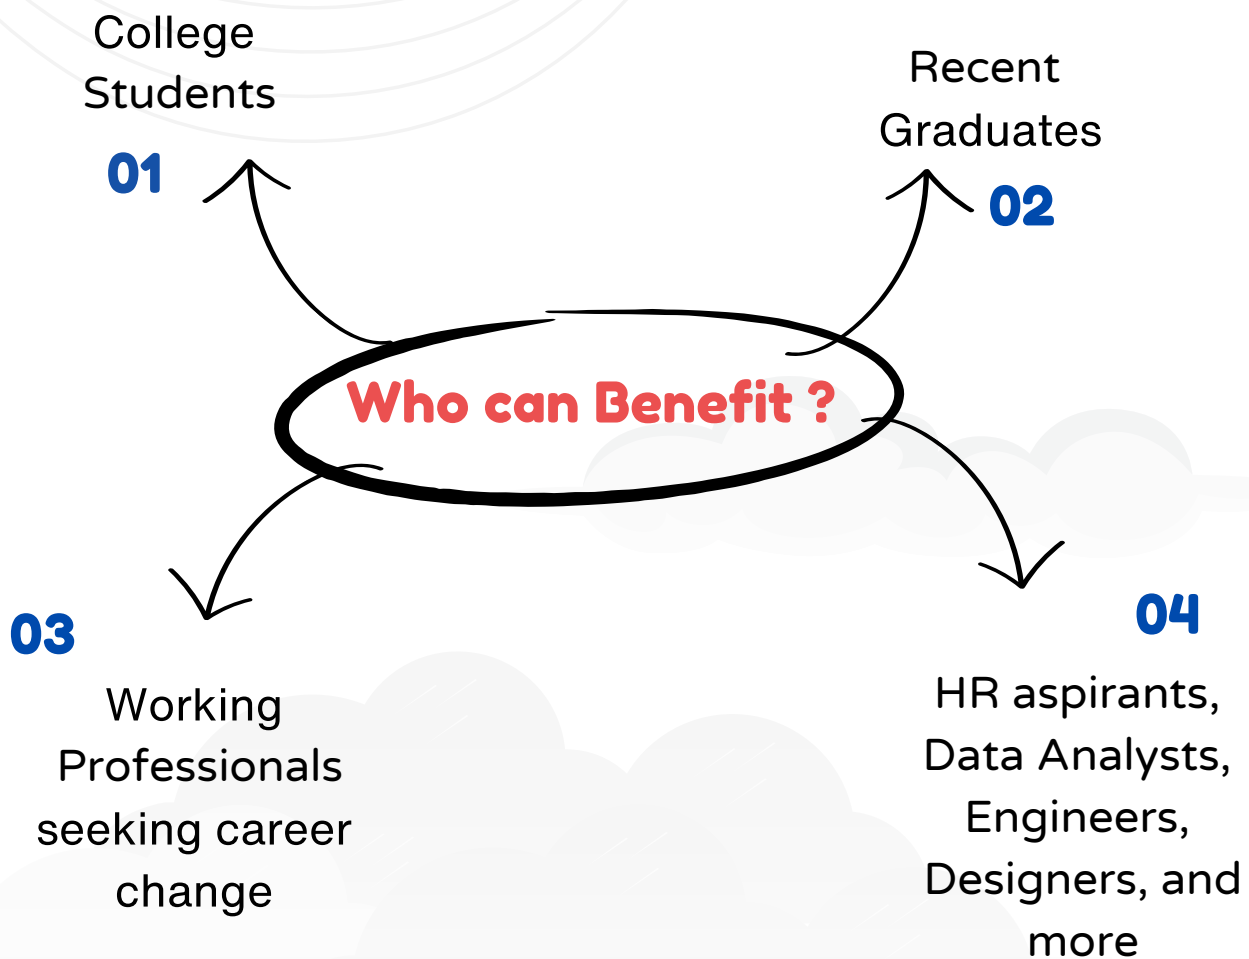

# Career Road Mapping

Career Road Mapping is a structured approach where we:

## Why it Matter ?

- 87% of learners switch career paths without proper guidance.
- Job roles evolve faster than **traditional education**.
- Hiring managers look for skilled, not just qualified, candidates

# Learn Qube Launch Hub

## Where Ideas Take Flight

The **Learn Qube Launch Hub** is a dedicated track for students who dream beyond jobs - those who want to build, innovate, and lead.

Whether you're an aspiring founder or a curious creator, the Launch Hub gives you the right tools, mentorship, & mindset to turn ideas into action.

We believe that every entrepreneur starts with a spark - we help you fuel it with structure, support, and strategy.

## What we Offer

### Startup Fundamentals

Learn the ABC's of business building — idea validation, business models, value propositions, and market research.

### Mentor Guidance

Get connected with real-world entrepreneurs, investors, and startup coaches.

### Pitch Ready Training

Refine your ideas, develop your pitch deck, and present with confidence.

### Real Time Projects

Work on simulated startup scenarios or your own idea with documentation and feedback.

### Innovation Mindset Development

Learn how to think lean, solve problems, and adapt quickly - the founder's way.

# Learn Qube Launch Hub
